

Kinderfolk's first day: October 5th.

Kinderfolk follows the LASD schedule. If the district moves to their hybrid plan, Kinderfolk will remain open. If the school moves to fully remote teaching, Kinderfolk will close.

Drop off and Pickup

In an effort to minimize the number of people in the building, drop off will take place from 8:50-9 am at the play area outside the double doors. Masks should be worn and temperatures will be taken upon arrival. Once everyone arrives, all of the Kinderfolkers will walk up to the classroom together.

Pickup will take place at 11:30 am from the outdoor play area.

What to bring to school

Please send in a change of clothes in a gallon ziplock bag with your Kinderfolker's name on it to keep in the classroom in case of any accidents.

We are asking that kids leave any special stuffies/toys/backpacks at home. We know how tough this is; perhaps those items can be kissed, hugged, and kept snug and safe in their carseats. Please send in your Kinderfolker with weather appropriate outerwear.

Class Day Structure

The structure of the day will remain the same. Both classes will have ~10 kids in them, enabling us to ensure good distancing during circle and project times. Masks will be worn throughout the morning session, with the exception of snack time. We will spread the children out and have fewer children at a table at one time. Teachers will handle passing out snacks and collecting post-snack trash.

Any projects will be sent home at the end of the week.

Sanitation

Toys, tables, cubbies, and chairs will be sanitized at the end of each class day. The playground equipment will be wiped down after we are finished using it.

We follow the CDC guidelines for child care programs, which is what they recommend for preschools as well. They can be found here:

<https://www.cdc.gov/coronavirus/2019-ncov/community/schools-childcare/guidance-for-childcare.html>

Illness Protocol

It takes community-wide diligence to help prevent the spread of viruses, COVID-19 included.

Hand-washing and masking is very important, as is keeping an eye out for any symptoms and staying home when we aren't feeling well to help prevent viral spread. If your child or anyone in your family has

been swabbed for COVID-19 due to symptoms, please keep your Kinderfolker home until the test results have come back. If you have been around someone who has tested positive for COVID-19, please keep your Kinderfolker home for 14 days from the last time you saw that person.

Watch for symptoms

People with COVID-19 have had a wide range of symptoms reported – ranging from mild symptoms to severe illness. Symptoms may appear 2-14 days after exposure to the virus. People with these symptoms may have COVID-19:

- Fever or chills
- Cough
- Shortness of breath or difficulty breathing
- Fatigue
- Muscle or body aches
- Headache
- New loss of taste or smell
- Sore throat
- Congestion or runny nose
- Nausea or vomiting
- Diarrhea
